

Student Learning Profile

Instructor: Kyle W. Killebrew, Ph.D.

Date: _____ **Student Name:** _____

I. LEARNING SNAPSHOT

To be completed through observation and parent interview.

Current Attitude Toward Math:

☐ Avoidant / Anxious ☐ Bored / Under-challenged ☐ Overwhelmed ☐ Neutral

Primary Opportunity Areas (Cognitive Bridge):

- ☐ **Working Memory:** High potential; needs strategies for multi-step sequencing.
- ☐ **Processing Style:** Reflective thinker; benefits from untimed, deep-dive exploration.
- ☐ **Concept Consolidation:** Bridge specific foundational gaps to unlock new levels.
- ☐ **Contextual Engagement:** Thrives when math is tied to "real world" utility and interests.

II. NEURO-COGNITIVE STRENGTHS

How does this student's brain best encode and retrieve new information?

- Visual/Spatial:** High aptitude for drawings, diagrams, and color-coded mental maps.
- Kinesthetic/Tactile:** Benefits from physical interaction and "building" the math.
- Verbal/Logic:** Excels at "talking logic of the problem." achieve deep encoding.

III. Interests

**What can we use to "hook" math into their world? (e.g., Roblox, Minecraft, Sports, Animals, Art)*

- _____
- _____
- _____

IV. ACADEMIC GOALS

Current Grade Level Topics (6th-8th Grade Math):

☐ Fractions/Decimals ☐ Multi-digit Ops ☐ Word Problems ☐ Geometry/Volume

☐ One/Multi-Step Eq. ☐ Prob/Statistics ☐ Rates/Percents ☐ Number Sys/Sets

☐ Equations/Functs ☐ Bi/Poly-nomials ☐ Linear Eqs ☐ Quadratic Eqs

☐ Systems of Eqs ☐ Graphing ☐ Simulation ☐ Other:

Short-Term Win: (What can we master in 2 weeks to build confidence?)

V. LOGISTICS & AGREEMENT

- **Session Frequency:** _____ times per week. **Duration:** 60 Minutes.
- **Standard Rate:** \$_____ / hour.
- **Cancellation Policy:** 24-hour notice required to avoid a late-cancellation fee.
- **Communication:** Weekly summary emails provided regarding cognitive progress and mastery.

Notes:
